MONTHLY REPORT

25X1

PAR 225

2 Oct 64

SUBJECT: Microdensitometer Training Program

TASK/PROBLEM

1. Prepare and conduct training programs in the fundamentals of operation and the application of microdensitometers for photo interpretation.

DISCUSSION

2. No work was done during the subject report period.

PLANNED ACTIVITIES

3. No further work on this PAR is expected until early 1965. At that time, discussions with the customer will determine whether there will be continuation work in the form of assistance on customer's problems to be undertaken at either the contractor's or customer's facilities.

Declass Review by NGA.

GROUP 1
Excluded from automatic downgrading and declassification
